

DRY CELL BATTERY JACKETS AND COMPONENTS

Shetron is India's leading name in the field of Dry Cell Battery Jackets. An ISO 9001:2000 company, with facilities that match some of the best units in the world, Shetron has made a name for itself as the best source for dry cell battery jackets, blanks, components and spares.

Making of battery jackets at Shetron starts with the selection of quality sheets. Printing on metal sheets with clarity and precision is an art that finds expression at Shetron. The Printing line at Shetron has a range of machines designed to bring out best on metal printing.

Scientific testing and analysis of raw materials and finished products ensure that each product that bears the mark of Shetron measures up to the most demanding requirements and accepted standards.

The components division is equipped to make components that match the quality and performance of Batteries of International standards. Shetron also offers Extrusion Punches, Die Tools and Engineering spares for maintenance.

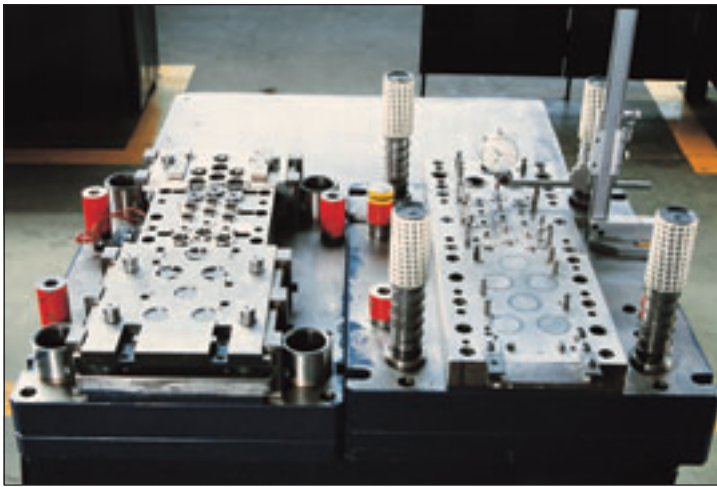

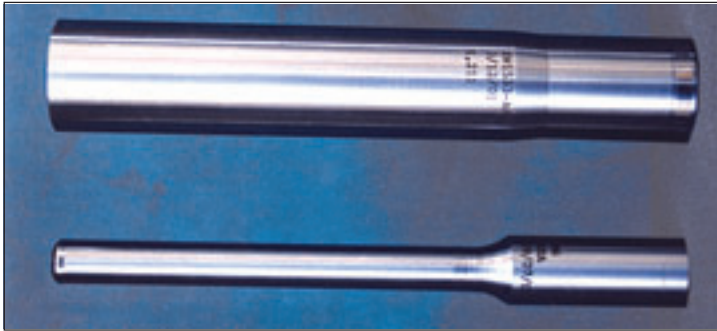

With an impressive list of leading Battery Manufacturers as their satisfied clients, SHETRON stands out as 'The Name Behind The Names'.
