

METAL FOOD CANS

Shetron is an organisation dedicated to excellence in packaging ... packaging that protects, preserves and promotes products ... packaging that attracts ... packaging that offers convenience ... packaging that offers value.

As a leading name in Metal Packaging, Shetron offers a wide range of well-designed Food Cans for packing a variety of products.

ADVANTAGES

- Strong, rigid and resistant to transport hazards
- Longer shelf-life. Preserves taste and aroma for a very long time
- Excellent Printability
- Glossy, classic looks and high aesthetic value
- Can be made with easy open ends for consumer convenience
- Recyclable and environment-friendly
- Cost-effective

Impeccable quality and consistent quality control ensure customer satisfaction.

An ISO 9001:2000 company, Shetron has facilities that match some of the world's best can-making units.

Backed by world-class manufacturing and testing facilities, in a fully integrated plant at Bangalore, Shetron has earned a name for designing and manufacturing metal food cans and containers that conform to international standards.

In-house facilities for Can-Making and End-Making, ensure complete autonomy and flexibility.

The growing list of our satisfied clients, which includes leading names in food and food processing industry, reiterates our claim that Shetron is "The Name Behind The Names".

PRODUCT SEGMENTS COVERED
